## PROFILE

I was born in 2001. My age is 21.

I've been studying at department of Computer Engineering Marmara University from 2019. It's my third year over there. I'll have graduated by June 2023. I've also worked as IT support technician at Marmara University. My interests are Database Development , Business Intelligence and Java Development.

I always try to develop myself with all my strength. Nowadays , I established a club(foundation) named "Marmara SoftPath" in which all students can join according to their interests and do project about software.

## EXPERIENCE

### SOFTWARE SUPPORT INTERN

KYOCERA Document Solutions Turkey

**18 Apr 2022 - Present**

- Setting up the network/protocols settings of printers that we sell.
- Checking up the hardware or software issues of printers that we sell through KFS and myq softwares.
- Recognizing the printers to the servers requested by the companies that bought printers from us with SSL certificate

### MEMBER OF THE MANAGEMENT BOARD

Marmara SoftPath Student Community

**Nov 2021 - Present**

- This foundation is the organisation i've founded with a few of my friends.
- Our Vision: To help people who have a project idea but have no knowledge or who want to develop a project, come together and reach their goals by developing projects, and to bring the gems of the software community to light.
- Our Mission: To bring together those who want to improve themselves in software, to enter departments related to their fields of interest, to exchange information with other people and to develop projects. It is among our primary goals to keep the unity alive, thanks to the seminars, conferences and competitions to be held among the members.

# EDUCATION

## SECONDARY SCHOOL

Adile Mermerci Anatolian High School  
2015-2019

## BACHELOR OF COMPUTER ENG

Marmara University  
2019-2023

# EXPERIENCE
